To Whom It May Concern:

I highly recommend **ABHIJITH U** as a candidate for employment. He was employed by **GEEKS AT DESIGNING SOLUTIONS LLP** as **Technical and Operations Officer and Subject Matter Expert: Machine Learning** from **August 2020** to **July 2021**. He was also responsible for office support.

He is an enthusiastic and energetic person with good communication skills. In addition, he is a good team player, extremely organized, reliable, and computer literate. He can work independently and can follow through to ensure that the job gets done. He is flexible and willing to work on any project that is assigned to him. He was quick to volunteer in other areas of company operations, as well. He is also highly proficient in the field of machine learning.

He would be a tremendous asset to your company and has my recommendation. If you have any further questions concerning his background or qualifications, please do not hesitate to contact me.
